ABOUT TOURO UNIVERSITY WORLDWIDE

MISSION

The mission of Touro University Worldwide (TUW) is to offer online degree programs to serve the needs of adult learners (service to society), professionals (intellectual pursuit), and the underserved (social justice). TUW is committed to its doctoral, graduate, bachelor and associate degree programs to support this mission. The mission is also shared through the campus-based undergraduate education programs at Touro College Los Angeles Division which serves a specific student body. Together, the campus based and online programs contribute to the achievement of the overall Touro core values driving this mission to provide opportunities for those who are underserved, provide service to society and achievement of the overall Touro University Worldwide student success.

HISTORY OF THE TOURO COLLEGE AND UNIVERSITY SYSTEM

In 1790, George Washington visited the Touro Synagogue in Newport, Rhode Island, and spoke eloquently of democracy, ethics, equal opportunity and the American ideal. Little did he know how far his words would carry. Washington's vision inspired Isaac and Judah Touro, leaders in colonial America, to pioneer their family's efforts to enrich the lives of all people, regardless of creed or color, through educational opportunities, spiritual outreach, and vocational enterprise. The Touro family began providing major endowments for universities, the first free library in North America, independent health facilities across the United States, and communities in Israel.

In 1970, in the tradition established by the early Jewish-American leaders for whom it is named, Dr. Bernard Lander founded Touro College to strengthen the Judaic tradition and serve the broader community with compassion and dignity. Chartered by the Board of Regents of the State of New York, the College welcomed its first 35 students in the Liberal Arts and Sciences in 1971.

From humble beginnings, Dr. Lander built a flourishing institution that reaches across the country and the world. Touro is currently enrolling over 18,000 students a year in a broad range of disciplines, including business, law, social work, Jewish Studies and technology. Each decade has ushered in a wave of new academic and professional programs designed to give students an advantage in an increasingly competitive world:

The 1980s

The Jacob D. Fuchsberg Law Center and the School for Lifelong Education opened, as well as a college for recent immigrants. The latter would eventually evolve into the New York School of Career and Applied Sciences (NYSCAS).

The 1990s

Touro University California, Touro University International, and the School of Health Sciences were established, introducing colleges of osteopathic medicine, pharmacy, health sciences, and education. Touro expanded its undergraduate offerings with new campuses in Brooklyn and Manhattan.

The New Millennium

Since 2000, the Touro network has grown to include international sites in Paris and Berlin, as well as coastal campuses in Los Angeles, Orange County, and Miami. In 2004-5, the new Touro University Nevada launched programs in osteopathic medicine, nursing, occupational therapy, and education. Between 2007-2009 the College of Osteopathic Medicine and the College of Pharmacy opened in Harlem, and in 2011 New York Medical College, in Valhalla, NY, became part of the Touro family.

In 2010, when Dr. Alan Kadish took over as president of Touro following Dr. Lander's esteemed tenure, he renewed our commitment to ensure that even as we grow, each campus, every program, and all of our students are held to the standard set for us over 220 years ago.

Touro is a system of non-profit institutions of higher and professional education. Touro College was chartered in 1970 primarily to enrich the Jewish heritage, and to serve the larger American and global community. Approximately 18,000 students are currently enrolled in its various schools and divisions. Touro College has 29 branch campuses, locations and instructional sites in the New York area, as well as branch campuses and programs in Berlin, Jerusalem and Moscow. New York Medical College; Touro University California and its Nevada branch campus; Touro University Worldwide and its Touro College Los Angeles division; as well as Hebrew Theological College in Skokie, Ill. are separately accredited institutions within the Touro College and University System. For further information on Touro College, please go to:
<http://www.touro.edu/news/>

HISTORY OF TOURO UNIVERSITY WORLDWIDE

The Touro College and University System has a long track record of offering high quality online degree programs in professional fields at the Bachelor, Master, and Doctorate levels. Touro University International (TUI) was founded in 1998 by Dr. Yoram Neumann and Dr. Edith Neumann and was the first university in the world to offer a regionally accredited PhD program online with no residency requirements. Government and military students had exceptional participation. Drs. Neumann, the founders, led TUI for 11 years (1998-2009). At that time, TUI had graduated 14,000 proud alumni. From no courses in 1998, TUI offered more than 50,000 course registrations in 2009. In 2007, TUI was sold to a private equity group.

Touro University Worldwide (TUW) was founded in 2008 by Dr. Bernard Luskin to replace the void that the sale of TUI had created. Drs. Neumann, the founders of TUI, returned to Touro in July 2012 and assumed the leadership of Touro University Worldwide. The mission of online education at Touro University Worldwide is to offer professional degree programs to serve the needs of adult learners (service to society), professionals (intellectual pursuit), and the underserved (social justice).

IN HONOR OF DR. EDITH NEUMANN

Dr. Edith Neumann
(April 1, 1947 – February 17, 2018)
Provost & Chief Academic Officer
Touro University Worldwide

Dr. Edith Neumann led Touro University Worldwide (TUW) as Provost and Professor of Health Sciences. Dr. Neumann received her Ph.D. in Medical Sociology from Boston University, majoring in health care organizations and specializing in program evaluation and needs assessment. She earned a M.Sc. in Industrial Engineering and Management and a B.A. in Behavioral Sciences-Psychology, Sociology and Anthropology. In addition, she held a Nursing Degree.

Dr. Neumann was a senior research associate at the Center for Applied Social Sciences at Boston University, Professor of Research at Boston University, and Director of Program Evaluation and Development at the University Affiliated Programs at the Kennedy-Shriver Center (Waltham, MA). She served as a Dean for the School of Health that included the Statewide Nursing program at California State University Dominguez Hills (CSUDH), where she was a Professor of Health Sciences and Director of the Center for Policy Research and Evaluation.

Dr. Neumann was one of the founders of Touro University International (TUI), and part of the team that established TUI, the first regionally accredited fully online university that offered undergraduate, graduate and PhD

programs fully online. Dr. Neumann was the founder of the Colleges of Health and Education, where she served as the founding Dean for 9 years, and Vice President for Academic Affairs of TUI until February 2010. Dr. Neumann planned and conducted numerous program evaluations, and need assessments funded by local, state, federal and international agencies. She was involved in numerous programs, such as Healthy Communities for the LA Hispanic Community, and entrepreneurship development for underserved populations.

Dr. Neumann published many papers and book chapters in program evaluation, policy assessment, motivation, stress-burnout in organizations. Many of her publications focused on higher education administration, and high quality learning models that lead to student success. Dr. Neumann was on the editorial board of the Journal of Emergency and Disaster Management, and has received numerous awards, including the Lyle Gibson Excellence in Teaching Award from California State.

In 2012, Dr. Neumann, and the original team of TUI, rejoined Touro and developed Touro University Worldwide (TUW). Dr. Neumann assumed the Academic Affairs role as Provost and Vice President of Academic Affairs. Her contributions in TUW since 2012 influenced student growth by 440%, the financial status of the university became strong, and 14 regionally accredited (WSCUC) programs that include Associate, Bachelor, Masters and Doctorate.

Dr. Edith Neumann will be sorely missed by her family, friends and all who were blessed to share in her sphere of influence.

MESSAGE FROM THE CHANCELLOR AND CEO

CONGRATULATIONS GRADUATES!

To be an educated person is to be caught up in a world of ideas. Many people have helped you navigate through this world. Faculty and staff who have taught and guided you, family members who have supported you, and friends you've made here, are all part of your success. The course of your life has been changed through your experiences

at Touro University Worldwide and we are all proud to have taken this journey with you.

Welcome to the ranks of Touro University Worldwide alumni who have gone out into the world and made a difference. Knowledge is empowerment and I am confident that you have the necessary skills to build a successful future. You now go forward with new knowledge, charged with helping to make our world a better place. Marian Wright Edelman once said, "Service is the rent we pay for living on this earth." I would add that those who are educated are uniquely positioned to serve others and there is no greater joy.

Graduates, you may feel uncertain about your next steps. That is to be expected. But I urge you to "trust in the you of now," as the saying goes, and I am confident you will find your path. The challenges and triumphs of your student years have prepared you for future accomplishments, and it is now time to take your ideas out into the world. I wish you great success, happiness, and prosperity. Whether you're pursuing a career or furthering your education, it is time to declare yourself to the world.

Your greatest accomplishments are yet to come!

Dr. Yoram Neumann
Chancellor & Chief Executive Officer
Touro University Worldwide

PROCESSIONAL ORDER

"Pomp and Circumstance March no. 1"
Composed by Sir Edward Elgar

Disclaimer: Names listed are taken from TUW applications for graduation made to the Office of the Registrar by students Summer I 2017—Summer I 2018 who are expected to complete all degree or program requirements by Summer I 2018. Names listed are not an official record of degrees awarded.

Doctoral Students Only: Students who have successfully defended their **completed dissertation** (this does not mean only dissertation proposal) by Spring I 2018 and have been approved by the Provost are listed.

EXPLANATION OF LATIN HONORS

*summa cum laude (“with highest honor”) –
signifies a graduating grade point average between 3.90-4.0

**magna cum laude (“with great honor”) –
signifies a graduating grade point average between 3.75-3.89

***cum laude (“with honor”) –
signifies a graduating grade point average between 3.60 – 3.74

Honors are awarded at the time of graduation. Summer I, 2018 graduates will not have their honors noted in this program, but will have their honors noted in their transcripts and on their degree.

Thank you to the following people for their gracious contributions to our commencement.
