2021-2022	176	36	In process	In process	In process	In process	In process	In process	In process	In process

See **Note 1** below for definitions of TUV Cohort Year, Full Time (FT) and Part-Time (PT) students.

TOURO UNIVERSITY

WORLDWIDE

*Programs are only required to provide data on the past 10 years/cohort or since the program was initial accredited, whichever is shorter.

** Programs should report graduation rates for program's Advertised Length of Completion which is how long the program is designed to complete as written.

***Programs can enter graduation rates for program's Maximum Length of Completion which is the maximum allowable time in which a student could finish the program

**** Masters and Doctoral programs are required to provide this information. Job Placement Rates by cohort is defined as the percentage of graduates from the cohort year listed that are employed utilizing skills learned in the COAMFTE accredited program. Job Placement rates are calculated using the following data:

- # of graduates that reported their employment status to the program
- # of graduates, who entered in the year listed, that are employed utilizing skills learned in the COAMFTE accredited program

***** Master programs are required to provide this information. Doctoral and Post-Degree programs are encouraged to share this with the public. For Master's programs only, COAMFTE has established a benchmark of 70% pass rate for each cohort. Programs in California can use the California Law and Ethics exam for MFTs to meet this requirement.

Note 1: TOW defines its cohort by year, e.g., 2018-2019, 2020-2021, with rolling admissions of 6 terms per year (Fall 1, Fall 2, Spring 1, Spring 2, Summer 1 and Summer 2). Students may enroll in any one of the terms within the cohort year. Many MFT students are working adult learners and sometimes switch between full-time and part-time status based on life events. Full time students enroll in 9 or more credits and part time students enroll in less than 9 credits per two 8-week terms (e.g., Fall 1 & Fall 2), with students' time to completion around 2 ½ years (or 15 terms). Therefore, the cohort data shown in the table above includes students that entered the program during any one of the 6 terms in a Cohort year, but some students may still be "in process" due to a Leave of Absence (LOA), and or reinstated to the university after a stop out in the same year or different cohort year. We are aware of the impact on data regarding graduation, licensure and or employment as we will continuously update our yearly cohort data every year. For more information regarding SAC data, please contact the MFT Program Director at masha.godkin@tuw.edu.
