

MFT Student Agreement & Touro University MFT Notice Regarding State License

The MFT Student Agreement & Notice Regarding State License form is a document that must be reviewed and signed off on by all individuals who elect to join the MFT program at TUW, which covers some important areas and disclosures related to educational requirements for the MFT program as well as the MFT license.

Please read, review, sign your name on the last page, documenting your understanding and agreement with the following:

- 1. I understand that if I do not enroll for the term I am accepted, TUW will discontinue my accepted status in the MFT program and I must reapply to the program.
- 2. I agree to commit to learning, including promptness, attendance, attentiveness, and active class participation (including submission of assignments by deadlines),
- 3. I understand that if I fail to demonstrate appropriate conduct as indicated in and in accordance to the TUW Catalog, Code of Conduct Policy, and the MFT Handbook, I will be subject to sanctions and/or disqualification from the program.
- 4. I understand that if my course grades fall below B- and overall GPA falls below a 3.0 GPA and/or I will be subject to academic probation and/or disqualification from continuing in the program. I also understand that I am required to engage in courteous and professional conduct on campus and on practicum sites as indicated in and in accordance with the TUW Catalog, Code of Conduct Policy, and the MFT Handbook.
- 5. I understand that in addition to the Learning Management System, e-mail is the primary form of communication for the MFT Program. I agree to update my information in the system or notify the Office of the Registrar and the MFT Director of any change to e-mail, telephone number, and address.
- 6. I understand that I will be periodically evaluated on the Professional Counseling Performance Evaluation.
- 7. I understand that practicum placement is not guaranteed by the MFT program because field agencies determine who will be placed at their agency.
- 8. I understand it is my sole responsibility to know and understand the licensure requirements for my intended state or location of licensure including course

requirements and practicum requirements.

- 9. I understand that student code of conduct violation (in Course activities and/or practicum) will be considered in the decision to allow me to continue in the MFT program, which may include sanctions, intervention, and/or disqualification from the program.
- 10. I understand accreditation for the MFT program at Touro University Worldwide as follows:
  - a. The entire MFT Program is accredited by the WASC Senior College and University Commission (WSCUC)
  - b. The MFT Program Clinical track is the only track accredited by the Commission on Accreditation for Marriage and Family Therapy (COAMFTE)
  - c. The MFT clinical track combined with the LPCC track is approved by the California Board of Behavioral Sciences (BBS)
- 11. I understand that Touro University Worldwide has determined that the MFT program (MFT Track) meets the educational requirements for state licensure in MFT under the standard degree plan in the following locations: Alabama, Alaska, Arizona, Arkansas, California, Florida, Georgia, Hawaii, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming.
- 12. I understand that Touro University Worldwide has determined that the MFT program (MFT Track) meets the educational requirements for state licensure in MFT, with one or more additional courses beyond the standard degree plan in the following locations: Colorado, Connecticut, Delaware, Indiana, New Jersey, New Mexico, South Carolina, Texas, Washington D.C.
- 13. I understand that Touro University Worldwide has determined that the MFT program (MFT Track) <u>does not</u> meet the educational requirements for state licensure in MFT in the following states: N/A.
- 14. I understand that students who are applying for licensure are required to designate the state they plan to pursue their license in upon admission.
- 15. I understand that students accept the risk of their program not aligning with the educational program requirements if the student decides to change from the state originally identified upon admission.
- 16. I understand that it is recommended that students confirm licensure requirements for MFT with the licensure board in their area to ensure the coursework and practicum is accepted by their local licensing board.
- 17. I understand that the MFT team is here to support students with this process

and help guide students, but that it is ultimately the responsibility of the student to ensure educational and clinical requirements for licensure.

- 18. I understand that educational requirements for the MFT license may change at times, resulting in the possibility of additional courses or practicum requirements that may be needed either before or after graduation.
- 19. I understand that as a student at TUW, I have the option to add on the Licensed Professional Clinical Counselor (LPCC) Track. I understand that this is for students who may plan to pursue the LPCC License in California, in addition to the MFT License.
- 20. I understand that Touro University Worldwide has not determined if the MFT program (LPCC Track) meets the educational requirements for any other states.
- 21. I understand that the non-clinical track is for students not interested in pursuing licensure as an MFT. Students who complete the non-clinical track, may decide to pursue a career where they work with and/or on behalf of individuals, couples, and families in a way that does not require a clinical license.
- 22. I understand that if I elect to switch from the clinical track to the non-clinical track, TUW will not be able to sign off on any practicum hours towards a specific state's licensure requirements NOR can a student return at a later time to complete the practicum component by itself.
- 23. I understand that TUW, the MFT program, and the practicum site may require a Background checks and the results could negatively impact my ability to complete a practicum.
- 24. I understand that Practicum is a live class that requires weekly attendance, weekly Supervision at their approved site, and weekly supervision by their TUW supervisor.
- 25. I understand that for each semester of my Clinical Practicum, I must have a 46-minute Video/Audio recorded case from my placement site to use for my TUW Zoom Conference.
- 26. I understand that the **Video/Audio** recorded Case Assignment Presentation will represent my progressive development as an MFT intern, which will demonstrate varying Marriage and Family Therapy models across semesters.
- 27. I understand that if my selected placement site does not allow video/audio recordings, that it will be my responsibility to seek and obtain additional sites that will meet my program requirements to have a video/audio recorded case for my Case Presentation Assignments for the duration of my clinical Practicum internship.
- 28. I understand that when enrolled in Practicum, each student is required to obtain student level liability insurance.
